Weakened Arches Cause Fatigue

MENTAL and physical fa-rigie is frequently very largely due to the ina-hility of your arches to absorb the folts and jars of walking on hard

pavements.
Strengthen these natural shock absorbers by allowing the delicate muscles of the feet to exercise. Wear shoes

that fit.
Wear Ground Grippers—the first of the so-called orthopedic shoes—and the best.
For every member of the

Women's Mercerized Lisle Hosiery of very good quality. Black only. formerly 1.50

Boys' and Girls' Woolen Hosiery, in Heather Mixtures. Special, 95c

The instant one steps into McCreery's the new normal level of prices is noticeable. Wool Sport Hose, for instance, is a fair example of the great general decrease in prices this year over those of last season.

The finest of Camel's Hair Sport Hose are now but 2.75 per pair, whereas last year they cost at least 4.50. Silk and Wool Sport Hose (which, by the way, are worn as much with street dresses as for sporting) now cost but 2.50 per pair, against 3.50 last year. Wool Cashinere Hose of an exceedingly fine, silky quality, hand-embroidered with clox in contrasting shade silk, are available now for 2.95—a dollar less than last seasor

Heather Mixture Sport Hose actually show a decrease of 100% in some instances. They now hear a price range of from o ly 95c to 8.50, those bearing this last price being imported from England. Last season the least expensive Heather Mixture Woolen Hose were priced 1.95.

Certainly such examples inspire confidence in the now normal level of prices.
